

The Majestic Bird of Prey

Properly framing a bird of prey in full flight is not something that happens by chance!

CONTENTS

- 1 landed bird of prey 🐾.
- 1 bird of prey in flight 🐾.

PLAYING THE GAME

*There is only one bird of prey; it can be landed or in flight.
You can never photograph the 2 bird of prey 🐾 simultaneously!*

SETUP

Place the 2 birds of prey 🐾 beside the value-1 Objective card.

Thus, to successfully photograph the bird of prey (place it on one of your 📷), you must gain 2 🍪 from Objective card 1 two times... without the bird of prey flying away from your personal supply in the meantime.

When you gain all 🍪 from the value-1 Objective card, find the bird of prey...

IF THE BIRD OF PREY IS NOT IN YOUR PLAY AREA

- 📷 If one of the birds of prey 🐾 (landed or in flight) is on another player's 📷, it is too late; it will stay there for the rest of the game. Don't worry about the bird of prey any more.
- 📷 If the flying bird of prey 🐾 is beside the value-1 Objective card, or in another player's personal supply, take it and place it in your personal supply.

IF THE BIRD OF PREY IS IN YOUR PLAY AREA

- 📷 If a bird of prey 🐾 (landed or in flight) is on your panorama, you will keep it for the rest of the game. Don't worry about it any more.
- 📷 If the flying bird of prey 🐾 is in your personal supply, you can move it onto the 📷 that you just added during your turn. Now you have two options:

Place the **landed** bird of prey 🐾 on a location 📷 of the card.
Return the **flying** bird of prey 🐾 to the box.

OR

Place the **flying** bird of prey 🐾 on the card without covering a location 📷/📷.
Return the **landed** bird of prey 🐾 to the box.

END OF THE GAME

- 📷 If the flying bird of prey 🐾 is in your personal supply at the end of the game, it earns you nothing.
- 📷 If a bird of prey 🐾 is on one of your 📷 at the end of the game, it earns you 3 🍪. Moreover, it counts as an additional type of animal. With *Into the Wild*, this means you could photograph 9 different types, and thus score 36 🍪 (although the scoresheet does not depict this possibility).
